CENTRE FOR LIFELONG LEARNING PODRAVJE AND LIFELONG LEARNING POINTS

Ptuj, 14.8.2009

The purpose of the project

Networking organizations,
which in regional environment perform the
activity of informing,
counseling
and different types of lifelong learning
and self-organized learning.

.

The purpose of project

With *Centre for Lifelong Learning Podravje* we plan to create

and increase the access to lifelong learning by providing informations and advice on various possibilities and oportunities in education and career counseling –

ISCO – Informational services and counseling for Adults.

The purpose of project

Enable and ensure free of charge independent learning with ICT support to all individuals, access to new technologies and informations as much as possible and motivate each individual for it`s own personal and professional development –

LifeLong Learning Points – LL-points.
